

CONTRACT GLAZING

Our full range of contract glazing services includes design, cutting edge fabrication techniques, installation, and maintenance. Being the oldest family owned glass shop on the south shore is something we are extremely proud of and it is apparent in our work. Central Glass will provide you with the time and attention your project deserves.

Organization, planning, and communication are key during the early stages of a project to ensure success. That is why our project managers will work with you from concept to completion in order to ensure no detail is overlooked and to provide you with safe, cost effective options for your project. Our goal is to help maximize your budget and ensure a timely installation.

We are able to provide insulated glass to fit everything opening and have products that will meet all building codes, including those located in a high noise environment. Some of the items we offer are:

- ◆ Automatic Entrances
- ◆ Back Painted Glass
- ◆ Composite Metal Panel
- ◆ Curtainwall
- ◆ Decorative Metal Claddings
- ◆ Decorative & Security Film
- ◆ Doors
- ◆ Frosted Glass
- ◆ Glass Doors
- ◆ Glass Handrails
- ◆ Glass Walls
- ◆ Hospitality Transaction Windows & Pass Thrus
- ◆ Laminated Glass
- ◆ Leaded Glass
- ◆ Mirrors
- ◆ Obscure Glass
- ◆ One Way Glass
- ◆ Patterned & Textured Glass
- ◆ Reflective Glass
- ◆ Revolvers
- ◆ Safety Glass
- ◆ Storefront
- ◆ Switchable Glass

Central Glass is there from concept to completion, by aiding our clients with the design, handling the fabrication and installation, and overseeing any necessary maintenance on your investment. Our design team works side-by-side with our fabrication department to help your project come to life. When it comes time for installation, our crew of highly experienced technicians will thoroughly review your project with the design team and fabrication manager. The priority of our installation crew is two-fold; adhere to the installation schedule, all while focusing on the structural integrity of your system.

Once your project is completed, our work does not stop there. We want to ensure you remain satisfied with your investment and will be available to assist with any of your maintenance needs. Even during non-business hours, one of our experienced technicians is available to handle Emergency Board-Ups. Just call 508.583.8950 and someone will touch base within minutes. Once the board up is complete, we will then setup an appointment to begin the repair process come the next business day.
